R.P.A PORT LTD handles fully integrated projects, providing complete, door-to-door service under one bill of lading, including the management of all transportation, warehousing, inspections, supervision, customs clearance and documentation. Using only best-of-breed road, rail, sea and air transportation carriers, we only employ the highest standards of excellence.

Customs Clearance

R.P.A PORT LTD specializes in the most efficient customs clearance procedures. With three generations of experience in dealing with customs authorities, we provide solutions that enable the swift and easy passage of all cargo types. Our staff is highly knowledgeable in assisting clients to obtain the necessary permits for importing and exporting every imaginable type of goods, including food items, industrial cargo, machinery, factory equipment, cosmetics, pharmaceuticals and more. From identifying the appropriate classification codes to ensuring that your shipment arrives at its destination in pristine condition, we handle the logistics every step of the way, leaving you free to manage your business.

Our proven professionalism and integrity ensures that your business is conducted in accordance with international customs standards. Whatever the size of your business or complexity of complexity of your customs needs, R.P.A. Port Ltd can guide you through the process and find the solution that best works for you.

International Forwarding

R.P.A PORT LTD ensures the safe, smooth and fast delivery of cargo anywhere in the world and finds creative solutions for each project's specific needs. We handle shipments of every imaginable type of cargo, using standard and multimodal transport by air, sea, road and rail. Utilizing only best-of-breed carriers, and including FCL, LCL, FTL, LTL and bulk, we create tailor-made solutions for every shipment need.

Our years of experience and connections with customs authorities at every point of entry enable close monitoring of every shipment, from pickup point to final destination. In addition, every shipment is covered by the R.P.A. Port Ltd. bill of lading. Whether your shipment is run-of-the-mill or unconventional, R.P.A. Port Ltd can offer full-service, customized delivery package.

From perishables and hazardous goods to ammunitions and other specialized cargo, we guarantee its safe and swift arrival. And as one of the leading forwarders specializing in the former Soviet Union, our close connections, fostered over decades, enable swift passage to every country in the region, including inner former Soviet Union countries.

Warehousing

R.P.A PORT LTD provides simplified solutions to storing shipments prior to and following transport. Our close connections to warehouse providers, throughout Israel and around the world, enable us to offer bonded and non-bonded warehouse services, both before and after customs clearance. In addition, R.P.A. Port Ltd can help with your requirements regarding packaging and distribution, ensuring that cargo reaches its final destination safely, securely and in minimal time. Tailor-made logistic warehouse solutions are also available in Russia and in all former Soviet Union countries.

Consultation

R.P.A PORT LTD provides expert consultation regarding the myriad issues concerning international shipping and customs clearance. With over 40 years of

experience in providing creative logistic solutions for our satisfied clients, we are able to guide you through every stage of the supply chain.

From advice on the logistical aspects of opening and preparing letters of credit (LOC) and other documents for collection transactions, to building your logistic chain and preparing a shipment schedule, we can help create an efficient and economical solution that meets your specific time, budget and service requirements.

Specialized Cargo

R.P.A PORT LTD offers point-to-point solutions for cargo of every imaginable type, weight and size, to and from locations throughout the world. We work to ensure that your cargo reaches its destination safely and securely, including: out of gauge, oversized and overweight cargo, perishables that require temperature control and special containerized solutions, hazardous cargo, ammunitions, live animals and more.

Using close control, cargo is tracked throughout every leg of the journey, with clients able to follow their cargo in transit, in real time. We use only best-of-breed carriers by air, sea, road and rail, and our access to specialized aircraft, such as the An-124, and to specialized railway equipment, including grain, cistern, half and closed wagons and all adjacent apparatus necessary for cargo lifting, means no cargo is too large or too heavy.

Commonwealth of Independent States (CIS) Operations

One of the first international forwarding companies to operate within the Commonwealth of Independent States (CIS former Soviet Union countries), R.P.A. Port Ltd has been one of the foremost logistics companies operating within the region since 1991. Our unsurpassed expertise in dealing with the area's complexities and strong relationships fostered with governmental authorities and transport agents enables us to handle any freight forwarding, customs brokerage or logistics operation between the CIS and the rest of the world.

R.P.A. Port Ltd handles projects of every size and need, and our charter access to Russian cargo aircrafts enables us to handle out-of-gauge and oversized equipment. Over the years we have handled on-carriage and complete bulk vessel transportation aboard block trains, and to date we have transferred over 10,000 containers within the region, handling the cargo needs of clients ranging from the largest companies to private individuals. Our direct contacts with the most trusted of carriers, fostered over twenty years, allows us to offer transport by air, rail and land, with door-to-door service to remote locations within the former Soviet Union countries.

Branches

Haifa:

As the head office of R.P.A. Port Ltd, the Haifa branch serves all of northern Israel and coordinates all other branches throughout the country. Located in Haifa Port, a hub for commodities from all over the world, the branch handles international forwarding of every imaginable type and size of cargo and specializes in handling perishables and foodstuff, in addition to general cargo needs.

The Haifa branch also manages sea and land freight customs clearing, as well as transshipments to Jordan and to the other customs locations in Israel, including Tel Aviv, Ashdod, Ben Gurion Airport and Eilat. We also handle the direct off-loading of raw materials, such as wood, metals, grains and paper, from vessels to trucks, and delivery of vehicles and special equipment for the trucking and heavy-lifting industries, using direct delivery from RORO vessels.

Sheikh Hussein Bridge Border Crossing:
